There was no public comment on this item.

On motion by Commissioner Jung, seconded by Commissioner Weber, which motion duly carried with Commissioner Humke absent, it was ordered that Agenda Item 3 be approved.

08-60SF AGENDA ITEM 4

Agenda Subject: “Chief Report; Daily District operations including Verdi evacuation training, replacement Battalion Chief, grant funded fuels prevention position, volunteer program and fuels management programs.”

Fire Chief Michael Greene stated the District now had a grant-funded Fuels Management Coordinator who was knocking on doors and conducting defensible space inspections. He described her as the community’s “ambassador for safety.” He pointed out she visited 55 homes in about one week and intended to knock on every door in the District within one year.

Chairman Larkin asked about a replacement for the Battalion Chief’s position. Chief Greene said Jim Marquis had been hired and would be introduced to the Board at a future meeting.

There was no public comment on this item.

On motion by Commissioner Weber, seconded by Commissioner Galloway, which motion duly carried with Commissioner Humke absent, it was ordered that Agenda Item 4 be accepted.

08-61SF AGENDA ITEM 5

Agenda Subject: “ Approval of the FY 08/09 Cooperative Agreements between the Sierra Fire Protection District and the Nevada Division of Forestry, Humboldt Toiyabe National Forest Carson Ranger District, Carson City Fire Department, North Lake Tahoe Fire Protection District, City of Reno Fire Department/Truckee Meadows Fire Protection District and the Truckee Fire Department; and if approved, authorize the SFPD Fire Chief to sign on behalf of the District.”

Chairman Larkin confirmed with Fire Chief Michael Greene that the Agreements were consistent with those that had been in place in the past.

There was no public comment on this item.

On motion by Commissioner Galloway, seconded by Commissioner Jung, which motion duly carried with Commissioner Humke absent, it was ordered that Agenda Item 5 be approved and authorized. The Interlocal Agreements for same are attached hereto and made a part of the minutes thereof.

08-62SF AGENDA ITEM 6

Agenda Subject: “Discussion and possible authorization for approval of a \$14,616.72 payment to Battalion Chief Heikka for 303 excess hours worked providing coverage for vacant Battalion Chief’s position during FY 07/08 per collective bargaining agreement Article 15, section 2A.”

Fire Chief Michael Greene explained the premiums represented an increase of approximately 18 percent.

Commissioner Galloway asked whether other alternatives had been explored. Chief Greene said staff worked with a broker, and nine other bids were received. Based on a comparison of the bids, he indicated the selected providers were among the lowest quotes and provided the best level of service.

There was no public comment on this item.

On motion by Commissioner Galloway, seconded by Commissioner Jung, which motion duly carried with Commissioner Humke absent, it was ordered that Agenda Item 7 be approved and authorized.

08-64SF AGENDA ITEM 8

On motion by Commissioner Jung, seconded by Commissioner Weber, which motion duly carried with Commissioner Humke absent, it was ordered that Agenda Item 8 be approved and directed.

08-65SF AGENDA ITEM 9

Agenda Subject: "Discussion and approval of Resolution Establishing the Sierra Fire Protection District Emergency Fund as of July 1, 2008 and authorizing the Chairman to sign the Resolution."

Commissioner Galloway asked whether the agenda item was based on analysis by Mary Walker, a consultant. Fire Chief Michael Greene replied that it was. Commissioner Galloway wondered whether the rate of contribution to the emergency fund was already established within the District's budget. Chief Greene explained the \$1 million fund was being transferred as a result of the conversion from an NRS 473 to an NRS 474 District.

Chairman Larkin clarified the \$1 million emergency fund was transferred from the NRS 473 District to the General Fund, and would then be transferred from the General Fund to the NRS 474 District. He questioned whether Ms. Walker indicated a need for more than \$1 million in the emergency fund. Chief Greene stated there was an increase in the amount of funding set aside for things such as wildland fires, but the \$1 million emergency fund reserve remained the same.

There was no public comment on this item.

On motion by Commissioner Galloway, seconded by Commissioner Weber, which motion duly carried with Commissioner Humke absent, it was ordered that Agenda Item 9 be approved and authorized. The Resolution for same is attached hereto and made a part of the minutes thereof.

08-66SF AGENDA ITEM 11

Agenda Subject: "Director's/Managers Announcements, Request for Information, Topics for Future Agendas and Statements Relating to Items Not on the Agenda. (No discussion among Commissioners will take place on this item.)"

Commissioner Galloway requested, when Agenda Item 10 was brought back to the Board at a future meeting, that its staff report include a table to justify the amount of overtime savings versus new salary costs.

08-67SF AGENDA ITEM 12

Agenda Subject: "Public Comment and discussion thereon. The Sierra Fire Protection District Board of Directors welcomes courteous and respectful public comment and input. Due to the amount of business the District Board conducts, public comment is limited to 2 minutes per person. "

There was no response to the call for public comment.

08-68SF AGENDA ITEM 14

Agenda Subject: “Possible closed session for the purpose of discussing negotiations with employee organizations per NRS 288.220.”

On motion by Commissioner Galloway, seconded by Commissioner Jung, which motion duly carried with Commissioner Humke absent, Agenda Item 14 was continued until later in the Board of County Commissioners’ meeting.

4:33 p.m. Commissioner Humke returned to the meeting.

4:33 p.m. The Board convened as the Board of Fire Commissioners for the Truckee Meadows Fire Protection District with all members present.

18. OWNERSHIP OF PROPRIETARY INFORMATION. Unless otherwise provided by law any reports, histories, studies, tests, manuals, instructions, photographs, negatives, blue prints, plans, maps, data, system designs, computer code (which is intended to be consideration under this Contract), or any other documents or drawings, prepared or in the course of preparation by either party in performance of its obligations under this Contract shall be the joint property of both parties.

OPERATING PLAN
Between the
SIERRA FIRE PROTECTION DISTRICT
and the
NEVADA DIVISION OF FORESTRY

This Operating Agreement is entered into by and between the State of Nevada, Department of Conservation and Natural Resources, Nevada Division of Forestry (hereinafter, Division), and the Sierra Fire Protection District, (hereinafter Sierra) pursuant to the terms of the Interlocal Contract dated July 1, 2008.

1. It is in the interest of both agencies to render mutual aid at the request of a responsible Fire Officer to suppress a fire or disaster of such magnitude that requires the combined forces of both agencies.
2. It is in the interest of both agencies to respond with the forces nearest to actual and/or reported emergencies when the assisting agency is better situated to provide a more timely response and this response is referred to as "automatic aid."
3. No response to a mutual aid request, as provided for in this Operating Agreement and in the Defined Automatic Aid Response Areas, will be made by the agencies unless the request is received through the established communication channels common to requesting such aid and approved by responsible officer of the agency granting such aid.
4. Such aid shall be provided without expectation of reimbursement for the first 24 hours from the time of initial request and within the limits of Division and Sierra. If an incident exceeds the mutual aid period of 24 hours all resources will be billed retroactively for the full period from the time of initial dispatch. However, neither agency should be required to disregard its own fire protection responsibilities and/or duties. Unless otherwise noted in all hand crews, bulldozers and aircraft are considered assistance by hire and excluded from the 24 hour mutual aid period.
5. Sierra and Division shall furnish each other with updated rate schedules annually at the start of the fiscal year for billing purposes.
6. On all incidents when Sierra or the Division assists the other, the requesting agency shall furnish the assisting agency with an incident and/or fire report within twenty (20) days after the incident.
7. Sierra and the Division agree that each shall, maintain, operate, and monitor all mobile radios on the appropriate frequencies when interagency communications are required.

08-6154

8. All communications shall be conducted on the frequency of the agency having jurisdiction or as assigned by the requesting agency. A command frequency and a tactical frequency shall be established for all incidents.
9. The respective Dispatch Centers are responsible to contact the other agency using the most expedient method available when emergency responses are dictated by the specific terms of this agreement.
10. Sierra and the Division will advise the other agency of wildland fires that have the potential to threaten the others jurisdiction.
11. Sierra and the Division agree to assist each other with fire investigations and public education programs if requested by the agency having jurisdiction.
12. For fires burning in the other agency's jurisdiction, the financial responsibility for the protection and suppression of structures remains with the agency that has statutory responsibility for such duty.
13. With the exception to specific Federal Emergency Management Agency (FEMA) provisions, the Civil Cost Recovery and other incidents that warrant specific time tables, Incident Billing Packages will be submitted no later than four (4) months from the date the incident is declared controlled. This billing deadline intends to encourage prompt billing. Failure to meet these timelines shall not be construed as a release or waiver of claims for reimbursement against the other agency. If the four (4) month timeframe cannot be met, immediate notification shall be made. However, it is recognized that certain situations may warrant agencies to cooperate, resolve bills and/or cost packages prior to established timelines. All bills will have a due date of sixty (60) days after the date of issuance.
14. The following items are not considered billable by the parties: overhead personnel not specifically assigned to the incident, non-expendable accountable property, claims and award payments, and agency specific Burned Area Emergency Rehabilitation (BAER) beyond suppression damage rehabilitation.
15. The Nevada Division of Forestry is the Governor's Authorized Representative for Federal Emergency Management Agency (FEMA) – Fire Management Assistance Grants (FMAG). Requests for fire management assistance declarations should be submitted regardless of the hour, to the Division, so that the processing of the request may begin, and a determination may be made when assistance is needed the most.

08-6137

16. Except as otherwise provided herein, the Sierra Fire Protection District shall provide staff, fire engines, water tenders and other available district resources subject to mutual aid agreements to provide initial and extended attack resources on fires which occur on State lands located in the SFPD NRS 474 County Fire Protection District.
17. The Nevada Division of Forestry shall pay for any additional fire suppression resources including aircraft, conservation crews (aka hand crews) and dozers on fires which occur on State lands located in the SFPD NRS 474 County Fire Protection District.

Any additional resource requests will be made on a mutual aid basis.
4. A unified command organization shall be established between the two agencies when the fire is multi-jurisdictional.
5. RECITALS

WHEREAS, each of the above-named entities maintains and operates fire and emergency medical organizations within their respective jurisdictions; and,

WHEREAS, on occasion each agency experiences fires or other emergencies of such a magnitude that assistance of other fire response organizations would be beneficial in addressing the emergencies; and,

WHEREAS, the parties hereto desire to enter into a cooperative agreement pursuant to NRS 227.180 to provide for the circumstances and procedures under which each agency will provide assistance in responding to fire and other emergencies when requested by the other;

NOW, THEREFORE, the parties hereto mutually agree to provide fire suppression equipment, facilities and personnel to each other under the following terms and conditions:

1. The agency which experiences an incident in which assistance is sought shall be known herein as the Requesting Party: The agency providing assistance shall be known herein as the Responding Party.
2. A request for assistance shall be made by the officer of the Requesting Agency when believed necessary, or by the duty officer of the Requesting Agency. The request must be made to the officer on-duty for the Responding Agency when believed necessary or by the duty officer of the Requesting Party. The request must be made to the officer on duty for the Responding Agency. Both agencies shall provide a telephone number or telephone numbers to the other agency which should be used when requesting Assistance from the Responding Agency.
3. The officer on duty for the Responding Agency shall determine whether it has resources available to respond to the request for assistance. If the Responding Agency has resources available to respond to the request for assistance, the Responding Agency will furnish the Requesting Agency fire fighting equipment, personnel and facilities which are then available in the jurisdiction of the Responding Agency and which are requested by

02
6/15/16

the Requesting Agency. The decision as to availability of resources is solely within the discretion of the Responding Agency.

4. Neither agency is obligated to reduce the level of resources available in the responding jurisdiction below that deemed reasonably necessary to provide the residents of the Responding Agency's jurisdiction with fire suppression services. Again the decision to provide resources is solely within the discretion of the Responding Agency.
5. The parties will not waive and intend to assert available NRS Chapter 41 liability limitations in all cases. Consistent with this intention, each party shall indemnify, hold harmless and defend, not excluding the other's right to participate, the other party from and against all liability, claims, actions, damages, losses, and expenses, including but not limited to reasonable attorney's fees and costs, arising out of any alleged negligent or willful acts or omissions of the indemnifying party, its officers, employees and agents. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this paragraph.

The indemnification obligation under this paragraph is conditioned upon receipt of written notice by the indemnifying party within 30 (thirty) days of the indemnified party's actual notice of any actual or pending claim or cause of action. The indemnifying party shall not be liable to hold harmless any attorney's fees and costs for the indemnified party's chosen right to participate with legal counsel.

6. This agreement is not intended to create or be construed to create any right or action on the part of any person or entity not signatory to this agreement, nor create the status of third party beneficiaries for any person or entity.
7. Any mutual aid extended under this agreement is done with the express understanding that personnel of the Requesting Agency shall remain in charge at the incident for which aid is requested unless the command of an incident has been transferred to another agency or to an overhead management team. Pursuant to this authority the Requesting Agency, the agency which has command or the overhead management team, may direct and supervise the personnel and equipment provided by the Responding Agency through the operation of this mutual aid agreement.

08-16-15

8. Mutual aid shall be provided without expectation of reimbursement for the first (24) twenty-four hours from the time of response to the request for mutual aid. If it appears that the incident will last longer than (24) twenty-four hours the designated representative for CCFD and the designated representative of SFPD shall attempt to meet and confer to allocate the costs of the incident between the parties. If no meeting is held and the Responding Agency is required to provide personnel, equipment or facilities for a period longer than (24) twenty-four hours, the Requesting Agency shall reimburse the Responding Agency for the actual expenses it incurs after the (24) twenty-four hours have expired upon being provided with a statement of those expenses. Areas of automatic aid are listed in Appendix A.

On fires where costs are incurred pursuant to the terms of this agreement, the Billing Agency shall submit a bill or estimate for reimbursement as soon as possible, but no later than 180 days after the fire is declared out. If the total cost is not known at the time of initial billing, a partial bill or estimated bill, so identified, may be submitted.

Billing deadlines set forth herein are intended to encourage prompt billing. Failure to meet these timeframes shall not be construed as a release or waiver of claims for reimbursement against the other party.

Should additional costs be identified after a "final" billing has been issued, a supplemental bill may be issued if agreeable to applicable parties.

9. The Responding Agency to a mutual aid request shall provide the Requesting Agency with an incident report within (20) twenty working days, following completion of the incident.
10. For the limited purpose of the exclusive remedy set forth in NRS 616A.020, both parties shall be deemed to employ jointly a person who is an employee of either party and sustains an injury by accident or occupational disease while participating in the matter for which assistance was requested. However, for the purpose of providing insurance benefits pursuant to NRS 616A-through NRS 616D and NRS 617 each party shall provide such benefits to its own employees at its own expense. The parties waive any indemnification provision with respect to such industrial injuries or occupational diseases.
11. The parties may amend this agreement at any time by an endorsement made in writing and approved by the governing bodies of both the parties to this Agreement.
12. **Interlocal Agreement between
North Lake Tahoe Fire Protection District
And
Sierra Fire Protection District**

This agreement is made and entered into by the North Lake Tahoe Fire Protection District, hereinafter referred to as *NLTFPD* and the Sierra Fire Protection District, hereinafter referred to as *SFPD*. This agreement shall become in full force and effect upon signatures and dates as provided herein.

RECITALS

WHEREAS, each of the above-named entities maintains and operates fire and emergency medical organizations within their respective jurisdictions; and,

WHEREAS, on occasion each agency experiences fires, or other emergencies, of such a magnitude that assistance of other fire response organizations would be beneficial in addressing the emergencies; and,

WHEREAS, the parties hereto desire to enter into a cooperative agreement pursuant to NRS 227.180 to provide for the circumstances and procedures under which each agency will provide assistance in responding to fire and other emergencies when requested by the other;

Now therefore, the parties hereto mutually agree to provide fire suppression equipment, facilities and personnel to each other under the following terms and conditions:

1. The agency which experiences an incident in which assistance is sought shall be known herein as the *Requesting Party*. The agency providing assistance shall be known herein as the *Responding Party*.
2. A request for assistance shall be made by the officer of the Requesting Agency when believed necessary, or by the duty officer of the Requesting Agency. The request must be made to the officer on-duty for the Responding Agency when believed necessary or by the duty officer of the Requesting Party. The request must be made to the officer on duty for the Responding Agency. Both agencies shall provide a telephone number or telephone numbers to the other agency which should be used when requesting Assistance from the Responding Agency.
3. The officer on duty for the Responding Agency shall determine whether it has resources available to respond to the request for assistance. If the Responding Agency has resources available to respond to the request for assistance, the Responding Agency will furnish the Requesting Agency fire fighting equipment, personnel and facilities which are then available in the jurisdiction of the Responding Agency and which are requested by the Requesting Agency. The decision as to availability of resources is solely within the discretion of the Responding Agency.

08-618F

4. Neither agency is obligated to reduce the level of resources available in the responding jurisdiction below that deemed reasonably necessary to provide the residents of the Responding Agency's jurisdiction with fire suppression services. Again the decision to provide resources is solely within the discretion of the Responding Agency.
5. In the event any claim or litigation is brought against the parties hereto based upon an incident in which aid was provided pursuant to this agreement and it is alleged that the parties are jointly or severally liable, the agency in whose jurisdiction the incident originally occurred shall provide for the defense of the action. The Requesting Agency in the incident further agrees to indemnify and hold harmless the Responding Agency from any liability the Responding Agency may incur as the result of responding to a request for aid except for those incidents in which the personnel of the Responding Agency acted with gross negligence or maliciously.
6. This agreement is not intended to create, or be construed to create, any right or action on the part of any person or entity not signatory to this agreement. Nor create the status of third party beneficiaries for any person or entity.
7. Any mutual aid extended under this agreement is done with the express understanding that personnel of the Requesting Agency shall remain in charge at the incident for which aid is requested unless the command of an incident has been transferred to another agency or to an overhead management team. Pursuant to this authority the Requesting Agency, the agency which has command or the overhead management team, may direct and supervise the personnel and equipment provided by the Responding Agency through the operation of this mutual aid agreement.
8. Mutual aid shall be provided without expectation of reimbursement for the first twenty-four (24) hours from the time of request for mutual aid. If it appears that the incident will last longer than twenty-four (24) hours the designated representative for NLTFPD and the designated representative of SFPD shall meet and confer to discuss and agree upon the costs of the Responding Agency to remain at the incident. The Requesting Agency shall mutually agree to the Responding Agency charges to remain on the incident. This ideally will occur in person, but may be completed over the telephone or some type of other verbal communication. Areas of automatic aid are listed in Appendix A.
9. On fires where costs are incurred pursuant to the terms of this agreement, the Billing Agency shall submit a bill or estimate for reimbursement as soon as possible, but no later than 180 days after the fire is declared out. If the total cost is not known at the time of initial billing, a partial bill or estimated bill, so identified, may be submitted.

08-16-15

10. Billing deadlines set forth herein are intended to encourage prompt billing. Failure to meet these timeframes shall not be construed as a release or waiver of claims for reimbursement against the other party. Should additional costs be identified after a "final" billing has been issued, a supplemental bill may be issued if agreeable to applicable parties.
11. The Responding Agency to a mutual aid request shall provide the Requesting Agency with an incident report within fourteen (14) day's of their request.
12. For the limited purpose of the exclusive remedy set forth in NRS 616A.020, both parties shall be deemed to employ jointly a person who is an employee of either party and sustains an injury by accident or occupational disease while participating in the matter for which assistance was requested. However, for the purpose of providing insurance benefits pursuant to NRS 616A-through NRS 616D and NRS 617 each party shall provide such benefits to its own employees at its own expense. The parties waive any indemnification provision with respect to such industrial injuries or occupational diseases.
13. The parties may amend this agreement at any time by a request made in writing and approved by the governing bodies of both the parties to this Agreement.
14. This agreement shall become effective upon ratification by appropriate legal action by the governing bodies of the parties as a condition precedent to its entry into force and shall remain in full force and effect, unless revoked as provided herein. This agreement may be revoked by mutual action of the parties, or unilaterally by either party, with or without cause, provided that a unilateral revocation shall not be effective until 30 days after a party has served written notice of revocation to the other party. Annual review of the agreement by both parties may take place in April of each year. If either party wishes to review this agreement they shall serve upon the other party notice by no later than March 1st of the particular year. This agreement may also be reviewed by mutual consent at any time throughout the year if agreed upon by both parties in writing.
15. All notices and communications concerning this agreement shall be directed as follows:

North Lake Tahoe Fire Protection District

03/01/15

16. One of the duplicate originals shall be retained by each agency with the other to be transmitted to the other agency to this agreement.

Fund Out: Except with respect to aid already rendered hereunder for which reimbursement is required by the Requesting Agency pursuant to this agreement, in the event that the governing body of either party fails to obligate any funds necessary to carry out the obligations created hereunder beyond that party's then current fiscal year, this agreement shall terminate without charge, penalty, or sanction.

17. The parties do not waive and intend to assert all available immunities, including NRS chapter 41 immunities, in all cases.

MUTUAL AID

No response to a Mutual Aid request provided for in this Agreement will be made by the parties hereto unless the request is received through the established communication channels common to each party requesting such aid and approved by a responsible officer of the party granting such aid.

Unless provided otherwise in the Agreement, Mutual aid shall be provided without expectation of reimbursement for the first twenty-four (24) hours of the incident. This begins from the time of request; provided, however, that neither party shall be required to deplete its own fire protection resources, services, and facilities to the detriment of its normal fire protection responsibilities, which decision is to be made by and within the discretion of the Responding Agency.

RECITALS

WHEREAS, each of the above-named entities maintains and operates fire/rescue organizations within their respective jurisdictions; and,

WHEREAS, on occasion each agency experiences fires or other emergencies of such a magnitude that assistance of other fire response organizations would be beneficial in addressing the emergencies; and,

WHEREAS, the parties hereto desire to enter into a cooperative agreement pursuant to NRS 227.045 to provide for the circumstances and procedures under which each agency will provide assistance, both Mutual Aid and Automatic Aid, in responding to fire and other emergencies when requested by the other party; and,

NOW THEREFORE, based upon the foregoing recitals which are incorporated by this reference, the parties mutually agree to provide fire suppression equipment, facilities and personnel to each one other under the following terms and conditions:

Each agency shall provide a telephone number or telephone numbers to the other agencies which should be used when requesting assistance from the Responding Agency.

3. Mutual Aid Resource Determination. The Fire Chief, or his duly authorized designee, for the Responding Agency shall determine whether it has sufficient resources available to provide Mutual Aid and respond to the request for assistance. If the Responding Agency has resources available to respond to the request for assistance, the Responding Agency will furnish the Requesting Agency fire fighting equipment, personnel and facilities which are then available in the jurisdiction of the Responding Agency and which are requested by the Requesting Agency under the terms of this Agreement. The decision as to availability of resources is solely within the discretion of the Responding Agency. Neither agency is obligated to reduce the level of resources available in the responding jurisdiction below that deemed reasonably necessary to provide the residents of the Responding Agency's jurisdiction with fire suppression services.

4. Automatic Aid and Mutual Aid. The parameters of Automatic Aid and Mutual Aid and the attendant response areas are set forth in Appendixes A and B, which is incorporated herein by this reference. Appendixes A and B may be modified by mutual agreement of the Fire Chiefs for the parties provided that the revised appendixes must be in writing and signed by both Fire Chiefs or their respective authorized designee. An executed copy of the modified appendix must be provided to the respective City or County Clerks before it is effective. In addition, the Fire Prevention Bureau of each party may conduct joint reviews of significant projects in the Mutual Aid areas here after described if any, provided that a request is made by the Requesting Agency to the Responding Agency and further provided that each party reserves the ability to charge for these services if significant staff time is expected to be extended, in the discretion of the Responding Agency. The term "Significant staff time" as used in this paragraph means more than two (2) hours. If the Responding Agency determines that significant staff time and it will be requesting reimbursement from the Requesting Agency, the charges relating thereto shall be discussed and agreed upon in writing prior to the rendering of and invoicing for services

5. Communications. In both Mutual Aid and Automatic Aid situations, the operating frequency will be designated by the Requesting Agency's dispatch center. It will be identified at the same time the request for assistance is made by the Requesting Party. All communications will be to the requesting dispatch center on the designated frequency. Each of the parties may maintain and operate mobile radios on the other party's frequencies when interagency communications is required. The parties shall notify their respective dispatch centers and institute protocol for the parties to contact the other dispatch center using the most expedient method available when emergency responses are dictated by the specific terms of this Agreement

006-6157

6. Incident Management. Any Mutual Aid or Automatic Aid extended under this Agreement is done with the express understanding that personnel of the Requesting Agency shall remain in charge at the incident for which aid is requested unless the command of an incident has been transferred to another agency or to an incident management team. Pursuant to this authority, the Requesting Agency, the agency which has command or the incident management team, may direct and supervise the personnel and equipment provided by the Responding Agency through the operation of this Agreement. In addition, each party will advise the other party of incidents that have extended beyond the capabilities of initial attack forces and/or is a potential extended attack fire when either party has a jurisdictional interest or when the potential exists for the incident to reach any other party's jurisdiction.

7. Reimbursement. Unless otherwise provided in the Agreement, the following shall apply to reimbursement requests for both Mutual Aid and Automatic Aid:

- c. On incidents that occur in both jurisdictions, a cost share agreement will be developed prior to the termination of the incident.
- d. If reimbursement of any kind is sought and received, whether through litigation, claims, or from FEMA or from any other agency or other third party (collectively referred to as "Third Party Reimbursement Request"), then the Responding Agency will be entitled to receive reimbursement for the incurred actual invoiced costs from time of the request for Mutual Aid and/or Automatic Aid. The parties recognize FEMA reimbursement is usually not less than 75% of incurred actual invoiced costs. If a Third Party Reimbursement Request is unsuccessful or less than 75% of incurred actual costs are received, then sections 7a or 7b of this Agreement would apply.
- e. On fires where costs are incurred pursuant to the terms of this agreement, the Billing Agency shall submit a bill or estimate for reimbursement as soon as possible, but no later than 180 days after the fire is declared out. If the total cost is not known at the time of initial billing, a partial bill or estimated bill, so identified, may be submitted.

08-615F

- h. A separate bill will be submitted for each fire. Bills will be identified by fire name, location, jurisdictional unit, and appropriate order number, and will be supported by adequate documentation and broken down by categories (direct, support, air, and retardant). 9. Worker's Compensation. For the limited purpose of the exclusive remedy set forth in NRS 616A.020, all parties shall be deemed to employ jointly a person who is an employee of either party and sustains an injury by accident or occupational disease while participating in the matter for which assistance was requested. However, for the purpose of providing insurance benefits pursuant to NRS 616A through NRS 616D and NRS 617 each party shall provide such benefits to its own employees at its own expense. The parties waive any indemnification provision with respect to such industrial injuries or occupational diseases.

10. Termination. The Agreement may be terminated by mutual consent of all of the parties or unilaterally by any party without cause upon providing thirty (30) days written notice. The parties expressly agree that this Agreement shall be terminated immediately if for any reason any party's funding ability supporting this Agreement is withdrawn, limited, or impaired and if this event occurs, the affected party shall immediately notify the other parties in writing. This Agreement will be reviewed by staff for the parties when Attachments A and B are reviewed each year to determine if any modifications are necessary.

08.661SF

agency separate and distinct from the other party and, subject only to the terms of this Agreement, shall have the sole right to supervise, manage, operate, control, and direct performance of the details incident to its duties under this Agreement. Nothing contained in this Agreement shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or to otherwise create any liability for one agency whatsoever with respect to the indebtedness, liabilities, and obligations of the other agency or any other party.

12. Hold Harmless. The parties will not waive and intend to assert available remedies and liability limitations set forth in Chapter 41 of the Nevada Revised Statutes. The indemnifying party shall not be liable to hold harmless any attorney's fees and costs for the indemnified party's chosen right to participate with legal counsel.

13. Third Party Beneficiaries. This Agreement is not intended to create or be construed to create any right or action on the part of any person or entity not signatory to this Agreement, nor create the status of third party beneficiaries for any person or entity.

Unless otherwise expressly authorized by the terms of this Agreement, no modification or amendment to this Agreement shall be binding upon the parties unless the same is in writing and approved and signed by the respective governing bodies hereto.

15. Severability. If any provision contained in this Agreement is held to be unenforceable by a court of law or equity, this Agreement shall be construed as if such provision did not exist and the non-enforceability of such provision shall not be held to render any other provision or provisions of this Agreement unenforceable.

16. Assignment. Neither party shall assign, transfer or delegate any rights, obligations or duties under this Agreement without the proper written consent of the other party. Notwithstanding the foregoing, the Truckee Meadows Fire Protection District consents that the duties under this Agreement may be performed by the Consolidated Fire Department.

And
Sierra Fire Protection District**

This agreement is made and entered into by the Truckee Fire Protection District, hereinafter referred to as *TFPD* and the Sierra Fire Protection District, hereinafter referred to as *SFPD*. This agreement shall become in full force and effect upon signatures and dates as provided herein.

RECITALS

WHEREAS, each of the above-named entities maintains and operates fire and emergency medical organizations within their respective jurisdictions; and,

WHEREAS, on occasion each agency experiences fires, or other emergencies, of such a magnitude that assistance of other fire response organizations would be beneficial in addressing the emergencies; and,

WHEREAS, the parties hereto desire to enter into a cooperative agreement pursuant to NRS 227.180 to provide for the circumstances and procedures under which each agency will provide assistance in responding to fire and other emergencies when requested by the other;

Now therefore, the parties hereto mutually agree to provide fire suppression equipment, facilities and personnel to each other under the following terms and conditions:

1. The agency which experiences an incident in which assistance is sought shall be known herein as the *Requesting Party*. The agency providing assistance shall be known herein as the *Responding Party*.
2. A request for assistance shall be made by the officer of the Requesting Agency when believed necessary, or by the duty officer of the Requesting Agency. The request must be made to the officer on-duty for the Responding Agency when believed necessary or to the duty officer of the Requesting Party. Said requests shall route through the ordering points (Command Centers) for the respective agencies. Both agencies shall provide a telephone number or telephone numbers to the other agency which should be used when requesting assistance from the Responding Agency.
3. The officer on duty or command center for the Responding Agency shall determine whether it has resources available to respond to the request for assistance. If the Responding Agency has resources available to respond to the request for assistance, the Responding Agency will furnish the Requesting Agency fire fighting equipment, personnel and facilities which are then available in the jurisdiction of the Responding Agency and which are requested by the Requesting Agency. The decision as to availability of resources is solely within the discretion of the Responding Agency.

08.6.15

4. Neither agency is obligated to reduce the level of resources available in the responding jurisdiction below that deemed reasonably necessary to provide the residents of the Responding Agency's jurisdiction with fire suppression services. Again the decision to provide resources is solely within the discretion of the Responding Agency.
5. In the event any claim or litigation is brought against the parties hereto based upon an incident in which aid was provided pursuant to this agreement and it is alleged that the parties are jointly or severally liable, the agency in whose jurisdiction the incident originally occurred shall provide for the defense of the action. The Requesting Agency in the incident further agrees to indemnify and hold harmless the Responding Agency from any liability the Responding Agency may incur as the result of responding to a request for aid except for those incidents in which the personnel of the Responding Agency acted with gross negligence or maliciously.
6. This agreement is not intended to create, or be construed to create, any right or action on the part of any person or entity not signatory to this agreement. Nor create the status of third party beneficiaries for any person or entity.
7. Any mutual aid extended under this agreement is done with the express understanding that personnel of the Requesting Agency shall remain in charge at the incident for which aid is requested unless the command of an incident has been transferred to another agency or to an overhead management team. Pursuant to this authority the Requesting Agency, the agency which has command or the overhead management team, may direct and supervise the personnel and equipment provided by the Responding Agency through the operation of this mutual aid agreement.
8. Mutual aid shall be provided without expectation of reimbursement for the first twenty-four (24) hours from the time of request for mutual aid. 08-6157

10. Billing deadlines set forth herein are intended to encourage prompt billing. Failure to meet these timeframes shall not be construed as a release or waiver of claims for reimbursement against the other party. Should additional costs be identified after a "final" billing has been issued, a supplemental bill may be issued if agreeable to applicable parties.
11. The Responding Agency to a mutual aid request shall provide the Requesting Agency with an incident report within fourteen (14) day's of their request.

The parties waive any indemnification provision with respect to such industrial injuries or occupational diseases.
13. The parties may amend this agreement at any time by a request made in writing and approved by the governing bodies of both the parties to this Agreement.
